

Protozoan Databases in the Australian Faunal Directory (Australian Biological Resources Study)

Data for each Phylum available as: Checklist; Statistics; Host Taxa; Bibliography; Names List; Complete Preview

O'Donoghue P. 2015. Kingdom Protista.

Australian Faunal Directory, Australian Biological Resources Study, Canberra, Web database, 7 pp.
<https://biodiversity.org.au/afd/taxa/PROTISTA>

O'Donoghue P. 2015. Phylum Ciliophora.

Australian Faunal Directory, Australian Biological Resources Study, Canberra, Web database: 507 pp.
<https://biodiversity.org.au/afd/taxa/CILIOPHORA>

O'Donoghue P. 2015. Phylum Sarcostigophora.

Australian Faunal Directory, Australian Biological Resources Study, Canberra, Web database: 24 pp.
<https://biodiversity.org.au/afd/taxa/SARCOMASTIGOPHORA>

O'Donoghue P. & Robinson B. 2015. Phylum Cercozoa.

Australian Faunal Directory, Australian Biological Resources Study, Canberra, Web database: 106 pp.
<https://biodiversity.org.au/afd/taxa/CERCOZOA>

Robinson B. & O'Donoghue P. 2015. Phylum Heterolobosea.

Australian Faunal Directory, Australian Biological Resources Study, Canberra, Web database: 27 pp.
<https://biodiversity.org.au/afd/taxa/HETEROLOBOSEA>

O'Donoghue P. 2015. Phylum Retaria.

Australian Faunal Directory, Australian Biological Resources Study, Canberra, Web database: 1 p.
<https://biodiversity.org.au/afd/taxa/RETARIA>

O'Donoghue P. & Robinson B. 2015. Phylum Amoebozoa.

Australian Faunal Directory, Australian Biological Resources Study, Canberra, Web database: 274 pp.
<https://biodiversity.org.au/afd/taxa/AMOEBOZOA>

O'Donoghue P. 2015. Phylum Apicomplexa.

Australian Faunal Directory, Australian Biological Resources Study, Canberra, Web database: 347pp.
<https://biodiversity.org.au/afd/taxa/APICOMPLEXA>

O'Donoghue P. 2015. Phylum Fornicata.

Australian Faunal Directory, Australian Biological Resources Study, Canberra, Web database: 29 pp.
<https://biodiversity.org.au/afd/taxa/FORNICATA>

O'Donoghue P. 2015. Phylum Preaxostyla.

Australian Faunal Directory, Australian Biological Resources Study, Canberra, Web database: 4 pp.
<https://biodiversity.org.au/afd/taxa/PREAXOSTYLA>

O'Donoghue, P. 2015. Phylum Parabasalia.

Australian Faunal Directory, Australian Biological Resources Study, Canberra, Web database: 117 pp.
<https://biodiversity.org.au/afd/taxa/PARABASALIA>

O'Donoghue P. 2015. Phylum Euglenozoa.

Australian Faunal Directory, Australian Biological Resources Study, Canberra, Web database: 65 pp.
<https://biodiversity.org.au/afd/taxa/EUGLENOZOA>

O'Donoghue P. 2015. Phylum Dinoflagellata.

Australian Faunal Directory, Australian Biological Resources Study, Canberra, Web database: 15 pp.
<https://biodiversity.org.au/afd/taxa/DINOFLAGELLATA>

O'Donoghue P. 2015. Phylum Paramyxia.

Australian Faunal Directory, Australian Biological Resources Study, Canberra, Web database: 8 pp.
<https://biodiversity.org.au/afd/taxa/PARAMYXEA>

O'Donoghue P. 2015. Phylum Haplosporidia.

Australian Faunal Directory, Australian Biological Resources Study, Canberra, Web database: 7 pp.
<https://biodiversity.org.au/afd/taxa/HAPLOSPORIDIA>

O'Donoghue P. 2015. Phylum Microsporidia.

Australian Faunal Directory, Australian Biological Resources Study, Canberra, Web database: 43 pp.
<https://biodiversity.org.au/afd/taxa/MICROSPORIDIA>

Adlard R., McNamara M. & O'Donoghue, P. 2015. Phylum Myxozoa.

Australian Faunal Directory, Australian Biological Resources Study, Canberra, Web database: 133 pp.
<https://biodiversity.org.au/afd/taxa/MYXOZOA>
